## TECHNICAL FOCUS AREAS

- JavaScript (ES6)
- HTML
- CSS (Flexbox)
- ReactJS
- Git (Github)
- NodeJS (Express)
- SQL (PostgreSQL)
- CLI (Bash)
- Test Driven Development (Cypress.io)
- Continuous Integration (circleCI)

## UPCOMING FOCUS AREA

- Algorithms and Data Structures
- Relational Database Design
- Object-Oriented Javascript
- SOLID Principles
- Agile Software Development (Scrum)

## PROJECTS

### Flavortown News (Food News and Recipes/Current Project)

- React-powered app with mobile-first design and focus on responsiveness.
- Built Node API to handle requests to Food2Fork API and News API.
- [Live Demo](#) [Github Repository](#) [\(Front-End\)](#)

### BrainApp (Facial Recognition App)

- Used Clarifai API for facial recognition in ReactJS-powered web app.
- Sign-In/Sign-Out powered by NodeJS using the Express. User data stored in Heroku-hosted PostgreSQL database.
- [Live Demo](#) [Github Repository](#)

### 16-Bit Jeopardy (Trivia Game)

- Built Jeopardy game using React with Flexbox for formatting.
- [Live Demo](#) [Github Repository](#)

## WORK EXPERIENCE

### Twilio, High-Tech Communications API: Commercial Account Executive, Sept 2017-Nov 2018

*San Francisco, CA (Sept 2017-June 2018), Atlanta, GA (June 2018-Nov 2018)*

- Sold communications API usage to companies from 1-1,000 employees in the state of Virginia.
- Responsible for customer care and handling full sales cycle with existing Twilio users and inbound leads.
- Partnered with cross-functional teams and sales engineering to help bring on clients.

### Gartner, Global IT Research & Advisory Firm: SMB and Field Sales, Aug 2012-Sept 2017

*Fort Myers, FL (Aug 2012-Jan 2016), San Francisco, CA (Jan 2016-Sept 2017)*

- Field Sales: Managed 15+ clients at the startup and mid-size stage in Silicon Valley.
- Small & Midsize Business Sales: Sold Gartner research to High-Tech providers in VA, WA, OH, and TN.

## EDUCATION

**University of Central Florida:** Bachelors of Science in Business Administration, Orlando, FL (May 2012)
